The following Paragraphs of the Act "for regulating the Assize of BREAD," *are now republished, that no Person may plead Ignorance thereof.*

GEORGE SHEED, *Commissary-General.*

III. AND, to the Intent that the good Design of this Act may be effectually complied with, *Be it further Enacted*, by the Authority aforesaid, That every common Baker, and other Person, who shall make or bake for Sale, or any Ways expose to Sale, any of the Sorts of Bread, herein before-mentioned, shall, from and after the Expiration of the said *Thirty* Days next ensuing the passing of this Act, fairly imprint or mark, or cause to be fairly imprinted or marked, on every Loaf so by him or her made, or exposed to Sale, the Price of such Loaf, together with the initial Letters of the Name of the Baker thereof, whereby the said Baker and Price of such Bread may be distinctly known; and if any Baker or Bakers or other Person or Persons, baking or making such Bread for Sale and exposing the same to Sale, shall not observe the Assize ascertained by Virtue of this Act, or shall bake or make for Sale, or sell or expose to Sale, any soft White, Wheaten, or Houshould Bread, wanting the due Weight, or that shall not be Marked according to the Direction of this Act, or shall in any sort or way break or infringe any of the Matters or Things appointed by the same, he, she or they so doing, being thereof convicted by the Confession of the Party, or by the Oath of one or more credible Witness or Witnesses, before one or more Justices of the Peace of the County wherein the Offence shall be committed, shall for every such Offence forfeit the Sum of *Twenty Shillings* Proclamation Money, to be levied by way of Distress, upon the Goods and Chattels of every such Offender, by Warrant from the said Justice or Justices, before whom such Conviction shall be made, which Forfeiture shall be for the Use of and given to the Informer and Informers.

IV. CHARLES-TOWN, NOVEMBER 1st, 1774.

AGREEABLE to the Directions of an Act of the General Assembly of this Province, intituled, "An ACT, to regulate the PRICE and ASSIZE of BREAD;"

Of NORTHWARD Flour.	lb.	oz.	dr.	Of CAROLINA Flour.	lb.	oz.	d.
WHITE,	1	10	8	WHITE,	2	2	0
WHEATEN,	2	7	12	WHEATEN,	3	3	0

As in the Publication of DOCT. TURNER'S LETTER to Friend Jere, *inserted in our last, a Number of Errors of the Press have pointed out to us by that Gentleman: In order to do him ample Justice, we must beg Leave to lay that Performance* ONCE MORE *before the Public, now printed* Verbatim et Literatim *from his Copy.*

Friend Jere!

I am now mov'd by the Spirit to Answer And return thee thanks, for thy More than Common kindness, in Setting forth my many Virtues and qualifications; in so Conspicuous a light for the Public good——— And to Friend-Turner, as Apt to think I Took so laborious a ride, has much impair'd thy health. And to shew that I am not so ungrateful as thou or some others may take me to be. I here present thee with a Panacea, prepared in the House, thou hasted was in so much danger: 'As a Cordial for qualms of Conscience'—

First for bearing false witness Against thy Neighbour—Secondly for not keeping that command, wch has made a second Nature

And thirdly for uttering that with thy lips which thou knowest to be not the truth—Thou sayest I that I, imposed myself, on some gentlemen in this place, for what I was not, thy words to falsify I, was recomended to Doctor C——s in this place. And have at this time by me, a Certificate Signed, by two Members, of the Royal Society, Certifying at large My knowledge in, Chemistry, & the Docimastical Art, likewise that I, could those gentlemen [illegible] knew where Valuable mines, lay, But thou I for got I to inform the world I that after I had gave those gentlemen, memorandums of them mines I, never was supplied, with hands Many &c. Sufficient to work them —And further more that I, duped those gentlemen, out of large sums of money And now reap the benefit, my self-this is likewise false; be it known that I, did receive One Thousand pounds Currency, from those Gentlemen but be it further known, that I paid, with that sum, for the Carriage of Various lumber, to the back parts of this, Province, And Cherokee, Nation, hirelings, wages, &c likewise for surveying, several Tracts of Land—And travelings expencies, &c, for self, men, And two Horses, to different Parts of this, Province, Cherokee, Nation, And No. Carolina, and this in the Space of Nine Months. And giveing in the whole, more than a years time fatigue &c with out the least benefit, or Advantage———

,And thou, whelp, of darkness! I, will leve the Impartial to Judge how far my viewes could be to Dupe those Gentlemen, when I, as a full Partner And equal sharer with them Agreed Uppon these Conditions: that they were to be at all the expences, &c, that Attended the working of the Mines &c—And, I, only to receive the thirteenth share of my Own discoveries, to pay me for my time And trouble with Out Any gratuity from them, then the sum before mentioned which was expended for the different purposes aforesaid Mr. Mask! the world is not so far divested of common sence, to think that, I, would lose my time, suffer the fatigues of long Journies, heat, and Cold, lying out in the wild woods &c And run those Gentlemen to expences, &c, with Out haveing my Own interest At heart. Besides that interest depended, soly on my industry and discoveries—But Jere! why was thou so careful to conceal thy real Name! had thou been Conscious that what thou Asserted was true, thou never would have laid so strict An injunction on Mr. Timothy! not to divulge thee ———

Jere! be it known; I suspect thou art! a double faced friend of mine. And as Shakespear Observes—He that steals my money steals trash, tis something nothing, and has been slave To thousands, but Thou! to endeavour under the specious Show, of friendship to steal from me my good name is in thee—An Action base indeed—— A wretch whose heart And tongue is never Coequal. And marke'd by Nature with a base And lowering aspect, Often in public seen with An Affected grin Upon the countenance as if One part of the Man was made for to dispise the other,—And as thy Actions! denote thou art of a Wolf like Nature, howl on Grin, Snarl, and, Show, thy Teeth, for tis seldom that such like Actions are minded Except by Children—As to My knowledge in Physick &c what ever I, publicly Asserted I, am able to maintain—And if health is a blessing every Attempt which directs towards its preservation. Must at least deserve a small share of Public Applause—And Any One that endeavours to suppress or depreciate a person thats Publickly known to have made enquiries for that end never can be looked Uppon, either as a useful Member to Society; or a friend to any Community—for He not only Aims to hurt the person thats taken pains to make discoveries useful for the public good but endeavours to debar, the public from reaping the Advantage of those discoveries—It has ever been Allowe'd, by the best Physicians! in all Ages: that Simple Medicines, in general was the Most sure, And safe, remedies, for the different disorders, incedent to, Man kind, they likewise Observed! that the, Produce of each Country, was better Adapted to the Constitutions of its Inhabitants, then What might be imported from foreign Parts ——Now Jere! as the present times seems to indicate that useful discoveries as well for Medicinal purposes, as in the Mechanic Arts will be exceptable here—And as thou hast endeavoured to make the Public believe; thou art much entrested for her welfare—The sure way for the public to come at the real truth And thou to prove thy Assertions, Against, me will be to meet Friend, Turner, at some public place in this Town And each man there give his proofs

[For the Remainder turn to the last Page.]

ON Tuesday last, Mr. Thomas Broughton, jun. was married, to Miss Betsy Lesesne, a very amiable and accomplished young Lady, Daughter of the late Mr. Isaac Lesesne.

The same Day a Number of young Gentlemen from the different Schools, by waiting on the several Families in Town, made a considerable Collection of Tea; but found three-fourths of the Houses without any.

The same Day arrived here, in the Ship Britannia, Capt. Samuel Ball, jun. from London (amongst a Number of other Passengers) Samuel Cater, Esq; formerly of this Town; Thomas Attwood, Esq; appointed Chief-Justice of His Majesty's Bahama-Islands; the Hon. William Gregory, appointed to succeed the late John Murray, Esq; as an Assistant-Judge and Justice of His Majesty's Courts in this Colony, and also to a Seat in the Council; Edward Lowndes, Esq; Mr. Gray, Mr. Poole; Mrs. McDonogh, Widow of the late Capt. Terence McDonogh, and Family; Mrs. and Miss Andrews; Mr. Wrong, of Barbados; James Cusack, Esq; and Mrs. Cusack; Mr. Zephaniah Kinsley, Merchant; Mr. and Mrs. Holliday.

Before Captain Ball had been many Hours in Port, the *Committee of Observation* were informed, that he had SEVEN CHESTS OF TEA on board, subject to *that Duty* which all America have denied to be *constitutionally* imposed; and the Minds of the People appeared to be very much agitated. To allay the Ferment which there seemed Reason to apprehend, that Committee met early on Wednesday Morning, sent for Captain Ball, who readily attended, and, after expressing to him their Concern and Astonishment at his Conduct, acquainted him, it was expected the said Teas should not be landed here. He acknowledged having the mischievous Drug on board:—That 3 Chests were shipped from the House of Messrs. *Rose & Mill*,—and 4 from that of Messrs. *James Graham* and Comp.—That 3 were consigned to Mr. *Robert Lindsey*,—3 to Mr. *Zephaniah Kinsley*, and 1 to Mr. *Robert Mackenzie*, all Merchants here:—But declared, that he was an entire Stranger to their being on board his Ship, 'till he was ready to clear out, when he discovered that his Mate had received them in his Absence:—That, as soon as he made the Discovery, he did all in his Power to get them relanded, but all his Endeavours, for two Days together, proving ineffectual, he entered the following Protest; which he hoped would acquit him from the Suspicion of having any Design to act contrary to the Sense of the People here, or the Voice of all America.

Copy of the PROTEST.

Capt. Ball having so far acquitted himself of any Design to counteract the Americans, the *Committee of Observation* made their Report to a very full Meeting of the GENERAL COMMITTEE the same Evening; when the Importers of the Teas attended, and severally declared, that they were ready and willing to do any Thing, which the Committee should be of Opinion would most effectually contribute to preserve the Peace and Quiet of the Community. Accordingly,

On Thursday at Noon, an *Oblation* was made to NEPTUNE, of the said seven Chests of Tea, by Messrs. *Lindsey*, *Kinsley* and *Mackenzie* themselves; who going on board the ship in the Stream, with their own Hands respectively shove the Chests belonging to each, and emptied their Contents into the River, in the Presence of the Committee of Observation, who likewise went on board, and in View of the whole General Committee on the Shore, besides a numerous Concourse of People, who gave three hearty Cheers after the emptying of each Chest, and immediately after separated as if nothing had happened.

Last Wednesday arrived the Diligence Packet-Boat, Capt. John Fergie, with the Mails from Jamaica and Pensacola.

Thursday last six Chests of Bohea TEA, containing 669 lb. net, which had lately been smuggled into this Town, were re-shipped for the Port from whence they were brought, with a Caution to the Shipper to venture no more this Way:—This proves that WE do not reject the *duties Teas*, in order to countenance the Importation of others.

The same Day Thomas Middleton, Esq; (Son of the Hon. William Middleton, in England) was married to Miss Polly Gibbes, Daughter of Robert Gibbes, Esq; a young Lady possessed of every Qualification to render the nuptial State desirable and happy.

The same Day James Parsons, Esq; who lately made the Tour of the Northern Colonies, arrived in Town, from George-Town, where he was landed last Saturday Evening, with Maurice Simons, Esq; and Family, from New-York.

The same Day, Capt. John Sommers was married, to Miss Patty Perry, Daughter of the late Ed. Perry, Esq.

Saturday last, being the Anniversary of the Nation's happy Deliverance from the infernal Popish POWDER-PLOT in 1605, and also of the glorious REVOLUTION by the Landing of King William in 1688, two Events which our Brethren in England seem of late to have too much overlooked, the Morning was ushered in with Ringing of Bells, and a MAGNIFICENT EXHIBITION of EFFIGIES, designed to represent Lord NORTH, Gov. HUTCHINSON, the POPE, and the DEVIL, which were placed on a rolling Stage, about eight Feet high and fifteen Feet long, near Mr. Ramadge's Tavern in Broad-street, being the most frequented Place in Town. The *Pope* was exhibited in a Chair of State, superbly dress in all his priestly Canonicals; Lord *North* (with his Star, Garter, &c. and shewing the Quebec Bill) on his right Hand; and Governor *Hutchinson* on his left, both chained to Stakes; the *Devil*, with extended Arms, behind the Three, and elevated above them, holding in one Hand a Javelin directed at the Head of Lord North, and in the other a Scroll, inscrib'd "RIVINGTON'S NEW-YORK GAZETTEER;" on his Arm was suspended a large Lanthorn, in the Shape of a Tea Canister, on the Sides of which was writ in Capitals, "HYSON, GREEN, CONGO and BOHEA TEAS." The Exhibition was constantly viewed by an incredible Number of Spectators, amongst whom were most of the Ladies and Gentlemen of the first Fortune and Fashion. The *Pope* and the *Devil*, were observed frequently to bow, in the most respectful complaisant Manner, to sundry Individuals, as if in grateful Acknowledgement for their past Services. About 8 o'Clock, A. M. the whole was moved to the Square before the *State-House*, and back again to Mr. Ramadge's, when Divine Service began in St. Michael's Church; in which Situations it remained throughout the Day, without the least Appearance of Opposition, Tumult, or Disorder. The Figure representing Lord NORTH, was reckoned a tolerable Likeness, and that of *Governor Hutchison* a very striking one; both their Heads having been carv'd from very good Designs. In the Evening the whole Machinery was carried, thro' the principal Streets, to the *Parade*, without the Town Gate, where a Pole 50 Feet high was erected, strung with and surrounded by a great Number of Tar Barrels. The TEA collected by the young Gentlemen the Tuesday before, being placed between the *Devil* and Lord *North*, was set on Fire, and brought on our Enemies *in Effigy*, that Ruin they had designed to bring on us *in Reality*. The whole was consumed in a short Time, in the Presence of some Thousands; who rejoiced to see the Abettors of American Taxation consumed, by that very Engine of Oppression which was intended to subvert American Liberty. It is remarkable, that during the whole Transaction, *not the least Disorder happened*; and by 8 o'Clock at Night, the Town was in as great a Quiet as on a Sabbath Evening. The Labels on each were as follows;

Over the Heads of all.

"ROBBERS ARE WHITE-ROB'D SAINTS,
"COMPAR'D TO TYRANTS.
"MAGNA CHARTA, AND THE OATHS OF
"KINGS,
"ARE COBWEBS NOW:
"WITNESS,
"THE VIOLATION OF THE BOSTON CHARTER.

Over Lord North's Head.

"NORTH.
"FLECTERE SI NEQUEO SUPEROS ACHERONTA
"MOVEBO.

On Lord North's Breast.

"To crush the last Remains of British Freedom—
"By prostrating America at my Feet:
"To authorize the Murder of the King's loyal Subjects—
"By Virtue of an Act of Parliament;
"To ruin the King—
"By establishing POPERY;
"In order
"To bring in the PRETENDER.—
"Such is my Ambiton.
"I will immortalize my Name,
"Tho' in the Rolls of Infamy:
"If I fail,
"In great Attempts, 'tis glorious even to fail;
"But,
"NIL DESPERANDUM DIABOLO DUCE.

Over Hutchinson's Head.

"HIC VIR PATRIAM VENDITIT AURO.

On Hutchinson's Breast.

"Born in BOSTON.
"Loaded with the undeserved Honours of my Country,
"I chose to be her Curse;
"I forg'd her Chains.
"The World shall know me: HUTCHINSON my Name,
"'Mongst Traytors damn'd to everlasting Shame.
"Preferment comes neither from the East, nor from the
"West, nor from the South: but from the NORTH.
"The Devil take *America*, if I can only get Preferment.

On the Pope, addressing himself to the Devil.

"I thank you, Father! this is all I wanted.
"I have now great Hopes:
"These Men are my chief Supporters.
"Oh! how sweet-smelling a Sacrifice
"Is the Blood of Hereticks!
"They will soon come to hate their King;
"And the CHEVALIER—my Servant—
"Is ready at a Moment's Warning.

From the Mouth of the Devil.

"HOWL-Ye! Prepare my Way.—Lie on one Side, then
"on the other; and proclaim your Candour on each.
"You are my Beloved—be diligent in your calling."

Besides the above Exhibition, the young Gentlemen from the Schools, prepared another Pope, and Devil, which they also burnt in the Evening, after parading all the Streets with them throughout the Day. Their Devil was a most grotesque Figure, curiously tarred and feathered. Their Pope was also in a sitting Posture, with a large Lanthorn before him, on the Front of which was writ LIBERTY, PROPERTY, and CAROLINA FOR EVER—on one Side was drawn, a large *Canister of Tea in Flames*—on the other the Figure of AMERICA *hurling a Spear at Lord N—th, hanging upon a Chest of* TEA, *and bound with a Cord, held by a Hand representing* MAGNA-CHARTA—on the Back Part, was drawn a *Gibbet*, to one End of which was suspended by the Neck, a Body representing *G——r N——s*, and the other *G—— G——t*.

The same Day His Majesty's Sloop Cruizer, commanded by Capt. Howe, sailed for her Station at Cape-Fear.

The same Day arrived here from Rhode-Island, Thomas Shubrick, Esq; Mr. John Forbes, Capt. Richard Estes, Messrs. James Alexander, Colvill, Woodman, Robb, Miller, Eldred, John Starnes, and William Turpin.

The same Day died suddenly, at Beaufort, Port-Royal, Lewis Reeve, Esq; a young Gentleman, who possessed by many good Qualities, that as he was respected in Life, so is his Death equally lamented.

Yesterday the Hon. HENRY MIDDLETON, THOMAS LYNCH, CHRISTOPHER GADSDEN, JOHN RUTLEDGE, and EDWARD RUTLEDGE, Esquires, our worthy DELEGATES to the GENERAL CONGRESS lately held at Philadelphia, were brought back to us, in the Brigt. Seanymph, Capt. *Moore*, all in good Health: but their Arrival during the Time of Service, quite unexpected, disappointed the Inhabitants from giving them that Reception which had been intended. The General Committee met the same Evening, and received from them such "*Extracts of the Proceedings of the Congress*" as had been printed, containing a "Bill *of Rights, a List of Grievances, occasional Resolves, an Address to the People of Great-Britain, and a Memorial to the Inhabitants of the British American Colonies*"—with which the said Committee were so thoroughly satisfied, that they had another Meeting this Morning; when it was UNANIMOUSLY RESOLVED, that the whole Committee, in a Body, should, as soon as possible, wait upon the said Delegates, with the most cordial Compliments of Congratulation upon their safe Return to their native Country; and to request the Favour of their Company to a public Entertainment, intended for them, on Wednesday next. Two Members were accordingly sent to the Delegates, to know where they would be pleased to receive the Committee To-morrow twelve o'Clock, and also to give them the Invitation to Dinner; who soon returned with an Answer, that they would be glad to meet the Committee in the Assembly-Room at the State-House, at the House appointed, and that they accepted the Invitation to dine with the Committee.

The other Passengers in Capt. Moore's Brigt. were, Mrs. and Miss Lynch; Mrs. and Master Rutledge, Esq; Mrs. Rutledge, the Lady of Edward Rutledge, Esq; Miss Rutledge; Mr. Thomas Gadsden, Mr. James Ferguson, and Master Johnston, all of this Town; besides, Mr. Stephen Cook, of Philadelphia; Mrs. Habersham, with her Son and Daughter, Mr. John Demar, &c. &c.

The Disgust which prevails against that pernicious Drug TEA, throughout His Majesty's Colonies on this Continent, *whereever* the Inhabitants *properly value* the Rights, Privileges and Liberties which their English Ancestors delivered to them to be handed down inviolate to Posterity, is now so great and general, that we don't find a Disposition in any one of them to the Northward of us, to receive it upon any Terms; a recent Proof of which we have in the burning of the Brigt. Peggy-Stewart, from London, Capt. Jackson late Master, at Annapolis in Maryland, on the 19th of last Month, with 27 Chests on board, containing 2300 lb. to which the Owners themselves set Fire in the Vessel's Hold, after all the other Goods were taken out, her Sails and Colours flying, and by which the whole were consumed in a few Hours.

The Inhabitants of the military Government of *Nova-Scotia* having had several Meetings in the Townships, Governor *Legge* issued a Proclamation on the 10th of September, forbidding them, as *unwarrantable* — General *Gage*, Governor *Wright*, and Governor *Martin*, had done the same before.—QUERE, *If I set an Incendiary setting Fire to my House, is it unwarrantable in me, to take the best Measure to extinguish the Flames.*

Numbers of Gentlemen daily accede to the Associations to learn the Military Exercise, and there are now Parties of them out every Day in the Week.

The intended Races at George-Town are set aside, in Consequence of the Recommendation of the late General Congress.——The St. Cecilia Society's Concerts are to be suspended—And Scarves and Gloves have last Week been refused to be received at a Funeral, where they were offered.

This Day a large Scooner was launched by Mr. Paul Pritchard, for William Williamson, Esq; designed to be employed between this and Savannah, if the Intercourse between the two Places does not suffer a Discontinuance, to be commanded by Capt. John Turner. She is esteemed as fine a Vessel as has been built here, and is to be fitted with most complete Accommodations for Passengers.

CHARLES-TOWN, NOVEMBER 14.

ON Tuesday last, all the Members of the GENERAL COMMITTEE that were in Town, met at Mr. Ramadge's Tavern, and from thence proceeded in a Body to the *State-House*, to meet and congratulate our DELEGATES to the late Congress, upon their safe Return. The Compliment was received with the greatest Politeness; and the Gentlemen expressed the warmest Wishes, that their Endeavuors might be attended with a Success equal to their Zeal and Attention to the grand and important Objects of their Appointment. Capt. Gadsden then read to them, Copies of *an Address to the Inhabitants of Quebec*, and of *a Petition to our Sovereign*, that were not amongst the printed Proceedings; and delivered a Copy of the former to the Chairman. After which Mr Lynch said, they thought it their Duty, and desired Leave, to lay before the Committee, *in order to be communicated to the Inhabitants in general*, "the REASONS which had induced "the Congress to except *Rice* in the Association; with a "RECOMMENDATION how to place the *Rice* and *Indico*-"*Planters* upon as equal a Footing as possible;" which being read, were highly approved, and gave entire Satisfaction.

The same Day the Hon. John Stuart, Superintendant of Indian Affairs for this District, returned from Georgia, where he had been to conclude, in Concert with Sir James Wright, Bart. a Treaty of Reconciliation, Peace and Commerce, with the Creek Nations of Indians.

At a Meeting of the General Committee on Wednesday Morning last, it was RESOLVED,

"That a General Meeting of the Inhabitants be called, in order to lay before them the whole Proceedings of the late American Continental Congress; to elect *Delegates* for another Congress to be held in May next; to choose a new General Committee; and to establish such further Regulations as shall be thought proper, agreeable to the Recommendation of the late General Congress.—That the said General Meeting be held at the Exchange in Charles-Town, on Wednesday the 11th of January next.—That it be composed of six Deputies from every Parish in the Colony, except St. Mark's, which, divided into three Districts, is to choose ten for each, on Account of its great Extent and Populousness; and except Charles-Town, the Inhabitants whereof are to choose thirty, by one Poll for both Parishes, under the Direction of the Church-Wardens, and without the former Distinction of taking them in equal Numbers from the Bodies of Merchants and Mechanics.—That the Election of Deputies for the Country Parishes, be on Monday the 19th of December next, at the Court-Houses, and where there are no Court Houses, at the Parish Churches;—and for Charles-Town, at the Exchange, on Monday the 9th of January next, when and where the Poll is to be opened at 9 o'clock in the Morning, and closed at 4 in the Afternoon.—And that the only Persons qualified to vote for such Deputies be, every white Freeholder and other free white Man, who possesses Property which, according to the Rate of the last Tax-Act, would be taxed Twenty Shillings Currency, towards the Support of Government."

The same Day the General Committee had the Honour to give an Entertainment to our returned *Delegates*, at Mr. Ramadge's Tavern, where they were received by the said Committee, with the Members of the Hon. the Commons House of Assembly, and all the Militia Officers, and the whole Company spent the Day together in the utmost Satisfaction and Harmony. The Artillery, Grenadier, and Light-Infantry Companies, in their Uniforms, being trained that Day, they made a most pleasing Appearance, and honoured the Committee's Guests with a Feu-de-Joye, before they were discharged; the Artillery Company also fired three Salutes with their Field-Pieces, after each of the three first Toasts. There was introduced at this Entertainment, to the great Satisfaction of the Company, six Bottles of Wine, made by Doctor *Lewis Mettet*, from Grapes of the present Year's Growth, of the Produce of this Colony, which only wanted Age to shew that as good Wine may be made in this Climate, as can be imported from any other Part of the World; and the Doctor is endeavouring to prove this, by cultivating two Vineyards, at this Time, one in his Garden in King-street; the other at the Plantation of Benjamin Waring, Esq; near Dorchester, in order to instruct whoever has an Inclination to attempt making of Wines.——

Amongst the Toasts given at this Entertainment were,

The King, Queen and Royal Family.
Perpetual Union to the Colonies.
Long Life, Health, and Prosperity to our worthy Delegates.
May the Colonies faithfully execute what the Congress have wisely resolved.
The much injured Town of Boston and Colony of Massachusetts-Bay.
The Arts and Manufactures of America.
The Liberty of the Press.
May the persecuted Genius of Liberty find a lasting Asylum in America.
May every American hand down to Posterity pure and untainted, the Liberty he has derived from his Ancestors.
Confusion to the Framers of all the oppressive Acts.
May the Cloud hanging over Great-Britain, burst *only* on the Heads of the present Ministry.
May no Man enjoy Freedom, who has not Spirit to defend it.
The Militia of America.
May British Swords never be drawn in Support of Tyranny.
May Great-Britain be just, and America free,
The virtuous Few in both Houses of Parliament.
All the Friends of America, in Great-Britain.
The City of London.
Lord Chatham—Lord Camden—Duke of Richmond—Doct. Benjamin Franklin—John Hancock, Esq; The Pennsylvania Farmer—the Bishop of St. Asaph—Mr. Dulany—and several other intrepid Patriots.

The Associations lately formed, to learn the military Exercise, encrease in Numbers daily, and the Gentlemen seem to give very punctual Attendance.

"The Superintendant of Indian Affairs, having, in "Consequence of an Application from His Excellency "the Earl of Dunmore, directed his Deputy, Alexander "Cameron, Esq; to go to the Over-hill Cherokee Towns, "and to make Requisition of Satisfaction for the Murder "of Mr. Russell and his Party on the Frontiers of Vir-"ginia; Mr. Cameron proceeded accordingly to Chota, "where he arrived the Beginning of September last, and, "after repeated Consultations with the Chiefs and much "Opposition from the young People, succeeded in having "the Chief principally concerned in the said Murder, "named Nottawagui, put to Death. The Persons at "first appointed to execute the Sentence wounded the "Indian in several Places and thought that they had killed him, but he was recovering and almost out of Danger from his Wounds, when Mr. Cameron renewed "his Requisition and, with much Difficulty and Danger "to himself, prevailed on the principal Chiefs to the "go themselves and finish him, which they executed with "much Resolution, maugre all the Threats and Opposition of his numerous Relations and Followers; and "upon the Occasion made several spirited Harangues to "their People, warning them not to follow the Example "of the Deceased, lest they should meet the same Fate, "and reprimanding them in sharp Terms for their bad "Behaviour upon that and other Occasions, which brot "the young People to make their Submission to their "Chiefs, and as a Token thereof, they presented several Strings of white Beads. Another Chief concerned "in several Murders was also condemned, but found "Means to make his Escape to the Chickasaws; he is "however proscribed, and will certainly suffer when and "wherever found by his Countrymen. These two were "the only Cherokees concerned in the said Murder; the "Rest were Shawanese."

NOVEMBER 21.

By several Vessels put into this Port, and Accounts from Providence, it appears, that a very severe Gale of Wind prevailed on the 1st and 2d Instant, between the 22d and 35th Degrees of Northern Latitude, and may have extended farther. The Sloop Mary, Capt. Blake, from the Musquito-Shore for New-York, met with it on the 1st, off the North Side of Cuba, was water logged, obliged to cut away some of his Sails, throw over board some Mahogany and his small Spars, and with Difficulty, got in here on the 11th. On the 5th he spoke with the Scooner Industry, Joseph Rose, Master, of New-York, who had been ashore on some of the Florida Rocks, and lost his Main-mast. The Ship King George, Captain Tesp, of and for Bristol, from Jamaica, and the Snow Kingston, Capt. Mattocks, also of Bristol, from Jamaica for North-Carolina, were in the same Gale, and came in mere Wrecks on the 16th: The former lost her Bowsprit, Head, Mizen Top-Mast, several Sails, and her Rudder; the latter, all her Masts and Bowsprit; both came in leaky, and their Hulls much damaged. The Ship Two-Brothers, Capt. Jones, with Slaves, consigned to Messrs. Andrew & George Lord here, was likewise disabled in the above mentioned Gale, and is put into Georgia, whence the Slaves are sent for. Seven Bahamian Wreckers were put ashore on the Coast of Florida; where a Sloop of New-York, one Gibbs, Master, was lost. The Sloop Amelia, Capt. Evans, from this Port for Providence, and several other Vessels, were put ashore on Abaco-Key. The Scooner Fox, of and from this Port, for Mississippi, Capt. North, lost her Masts, and is put into Providence.

Last Tuesday Doct. William Roberts, and Family, returned from Scotland, in the Ship Lillies, Capt Angus.

According to our last Advices from Georgia, the Association entered into by the late General Congress, will soon be published there, by the General Committee; and a General Meeting of the Inhabitants of that Colony called, on the 18th of January next, to accede to the said Association.

The Reinforcements sent for from New-York and Quebec, by General Gage, arrived at Boston before the Close of last Month, unopposed—But the People of New-England appear stedfastly determined to suffer no further Encroachments upon their Rights and Liberties; they are forming themselves into Companies of 50 Men, and Battalions of 9 Companies; the Companies choose their own Captains, and two Lieutenants; and the Battalions choose their own Field Officers; and where there is a Want of Arms, Accoutrements, &c. the Select Men of the Towns are directed to procure them:—The Provincial Congress of Massachusetts-Bay, have chosen a Receiver-General; and that Congress stands adjourned to the 23d Instant.

Most of our late Advices from Europe, down to the 3d of last Month, so strongly indicate a WAR as almost unavoidable, that it ought to serve as a Warning to us, to be much better prepared than we are, to repel the Invasions of any Enemy, and points out to us the Propriety of continuing and extending the late Associations, to render ourselves Masters of the military Art.

The Brigt. Elizabeth and Mary, of and from Dartmouth, for Cape-Fear, Andrew Tracey Master, after getting within Cape-Fear Bar, was driven ashore on the Breakers, and entirely lost, but the Master and Crew were saved.

Last Saturday died, aged 71, Mr. Solomon Legaré, a Native of this Province, and as good a Man as ever lived or died. Neither Scarves, Gloves or Mourning were used at this Funeral, altho' he left a very numerous Train of most affectionate Relations; who have thereby conformed to the 8th Article of the Association entered into by the late Congress, in Behalf and on the Part of the Colonies.
